POSITION AVAILABLE

PROJECT TITLE:

POPULATION SCIENCE STUDY: A study on genomics of vaccine response in populations

PROJECT DESCRIPTION:

To identify the genomic and other factors responsible for variability in response to vaccines among individuals of a population

Name of the Position	No. of Position	Consolidated Remuneration [INR] per month	Essential Qualifications	Desirable Qualifications	Nature of Duty
Project Associate-II	1	Rs. 37500/- (Inclusive of HRA (As Admissible))	<ul style="list-style-type: none">• Master's degree/M. Tech in Bio-Informatics OR Relevant discipline• Minimum 2 (two) years' experience in Research and Development work on human genetics/genomics in Industrial and Academic Institutions or Science and Technology Organisations and Scientific activities and services	<ul style="list-style-type: none">• Experience of working in the Unix, GNU, LINUX environment.• Proficiency in R programming• Experience of working in the C, MySQL, Python Programming.• Experience of various human genomic databases and open-source software packages	To carry out analysis of genome-wide association with vaccine response

This position is contractual, the appointment will be initially given for **one year**, which is extendable depending upon performance, requirement of the project and availability of funds.

Please apply online at **https://apply.nibmg.ac.in** (no other form of application will be accepted). The last date of application is **15 th July 2022 (upto 5 PM)**. Please visit our website **www.nibmg.ac.in** for further information.

Only the shortlisted candidates will be called for Online Interview/Test. No TA/DA will be provided for attending the Interview/Test.
