

Advertisement No. NIBMG/ ADMIN/ESTB/2022-23/202

Date: 21-11-2022

Position available

Project Name & Funding Authority:

Interaction of Jumonji domain containing 6 protein (JMJD6) and Y-box containing protein 1 (YBX1) and its impact on breast cancer progression

Funding agency: SERB

Brief description: Breast cancer has the highest incidence among all cancers in women. We work on an epigenetic regulator JMJD6 that promotes cancer properties and cancer gene expression in breast cancer cells. This project aims at mapping those protein-protein and protein DNA interactions of JMJD6 with its interacting partners that promote breast cancer progression. For more details contact Kartiki V. Desai (kd1@nibmg.ac.in)

A Walk-in interview is being organized for recruiting **ONE (01) Project Associate** to conduct experiments and administrative work based on molecular, cellular and protein biology towards meeting the objectives of the project to be executed by the National Institute of Biomedical Genomics, Kalyani. **Selected applicants will be appointed for a period of 6 months and extended yearly depending on satisfactory performance and the availability of funds.** This position is contractual and co-terminus with the project.

- The date of walk-in interview is **6th December 2022 (Tuesday)** from **11 am onwards**
